## TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.**

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes**. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece**.

**Bids must reach me by the morning of the sale.** Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position is describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

**NOTE**—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before, they are 50 cents.

## NOW IN OUR NEW QUARTERS

We have now moved into our new modern home at 1126 Benson Blvd., Freeport, Illinois. The building has been specially built for the successful conduct of my business. Collectors and customers who happen to be traveling through this way will find cordial hospitality there on the part of Mr. and Mrs. Bolender. Mail that is addressed to either Freeport or Orangeville, the former address, will reach me promptly, as the two towns are only 12 miles apart, and we have interests in both towns. The change that we have made is intended to give our customers still faster mail service, and is a very central location, with railroads from eleven directions entering the city, besides a number of mail star routes.

We want to thank our customers and the collecting public for their very good patronage of our past 127 auction sales, and for the generous number of liberal bids that they send us at each sale, and their loyalty to our long established business. We realize that there are too many sales today. We began this business when there were but two active cataloguers, and today there are more. At that time there was a need for another cataloguer. Today there are too many. We have appreciated and enjoyed, however, a steady increase in our business, in spite of stronger competition. To the collecting public, we owe this success. We shall continue to follow our two mottoes, first, the Golden Rule. We want our customers to be treated the same as we would like to be, and we do not want to sell them anything that they do not really want. There is always another collector who does want it. Secondly, we believe in a fair and square deal. That is why, in executing your bids at our sales, we very often get the coins for a substantial sum below your bid, so long as other bids allow. We must have all bids by mail, in fairness to those collectors who live far away, and can not attend in person, but all bids are executed at less than the limit, where other bids permit.

## 129TH SALE NOW IN PREPARATION

Our 129th auction sale of rare coins is now in preparation. Send in your collection or consignment now, or as soon as convenient, and we will do our level best with it. Prices are good, and the demand for fine coins steady and certain. We are sure you will be delighted with our descriptions and catalogue work. We give collections a lot of space and time, the benefits of our long experience of thirty years a collector, and the satisfactory and successful conduct of one hundred and twenty-six sales. You do not need to wait long until a sale is prepared, and settlement after the sale is prompt. If you need money immediately, we will advance a reasonable sum when the collection is received. If the collection is large or valuable and the owner desires a personal interview, we will make the trip to your home for complete arrangements. Collections are safe in our hands, and you are insured against loss of any kind. Bank references furnished as to our absolute reliability financially. Collections or single specimens or small lots also purchased for cash, and liberal offers made. Write us today.
